

New Energy Storage Plan

Overview

What is the new energy storage action plan?

The new action plan, grounded in the nation's dual carbon goals, aims to grow the national new energy storage fleet to 180 GW by 2027. It responds to the urgent need for flexible energy regulation amid rapid renewable energy expansion.

What is the implementation plan for the development of new energy storage?

In January 2022, the National Development and Reform Commission and the National Energy Administration jointly issued the Implementation Plan for the Development of New Energy Storage during the 14th Five-Year Plan Period, emphasizing the fundamental role of new energy storage technologies in a new power system.

What is the energy storage plan?

The plan outlined 21 key measures, including scaling up energy storage applications in power generation and grid infrastructure, accelerating technological innovation, and improving standardization. It also emphasized talent development and enhancing international cooperation in the sector.

What is China's new energy storage plan?

The plan said that the new-energy storage industry is a key source of support for advancing the construction of a manufacturing powerhouse and promoting the efficient development and utilization of new-energy resources. By 2027, China aims to cultivate three to five leading enterprises in the ecosystem.

New Energy Storage Plan

[Economic Watch: China's new energy storage capacity ...](#)

Jan 24, 2025 · Moreover, the flexible layout and short construction cycle of new energy storage, along with its wide range of application scenarios, have directly driven investments nearing ...

[China to boost new-energy storage manufacturing industry, ...](#)

Feb 17, 2025 · China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to expand leading enterprises by 2027, ...

[Eight departments issue documents to promote high-quality ...](#)

Feb 18, 2025 · Xinhua News Agency, Beijing, February 17 (Reporter Zhang Xiaojie and Zhang Xinxin) The reporter learned from the Ministry of Industry and Information Technology on the ...

[Full text forwarding of the Implementation Plan for the ...](#)

Jun 19, 2025 · Overall planning, tailored to local conditions. Strengthen top-level design, highlight the leading role of science, strengthen the connection with energy related planning, and ...

[China unveils three-year action plan to boost new-type energy storage](#)

Sep 12, 2025 · China on Friday unveiled an action plan to promote the development of new forms of energy storage between 2025 and 2027, amid efforts to support green energy transition and ...

[New Energy Storage Technologies Empower Energy ...](#)

Nov 15, 2025 · Foreword Stepping up efforts to develop new energy storage technologies is critical in driving renewable energy adoption, achieving China's 30/60 carbon goals, and ...

[China Targets 180 GW of New Energy Storage by 2027 in ...](#)

Sep 13, 2025 · On Friday, Chinese authorities released the "Special Action Plan for Large-Scale Construction of New Energy Storage (2025-2027)," which sets a target of installing more than ...

[China unveils 3-year plan to boost new-type energy storage](#)

Sep 12, 2025 · The country aims to achieve over 180 million kilowatts of installed new-type energy storage capacity by 2027, which is expected to drive approximately 250 billion yuan (about ...

[China's three-year action plan for new energy storage ...](#)

The National Development and Reform Commission and the National Energy Administration issued the 'Special Action Plan for Large-Scale Construction of New Energy Storage ...

[China targets 180 GW of new energy storage by 2027 in ...](#)

Sep 12, 2025 · The new action plan, grounded in the nation's dual carbon goals, aims to grow the national new energy storage fleet to 180 GW by 2027. It responds to the urgent need for ...

[Interpretation of the "14th Five-Year Plan" New Energy Storage](#)

Mar 22, 2022 · New energy storage is an important equipment foundation and key supporting technology for building a new power system and promoting the green and low-carbon ...

[China unveils three-year action plan to boost new-type energy storage](#)

Sep 12, 2025 · The plan outlined 21 key measures, including scaling up energy storage applications in power generation and grid infrastructure, accelerating technological innovation, ...

[China targets 180GW of installed BESS capacity by 2027](#)

Sep 17, 2025 · The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), formulated jointly by the country's National ...

[China issues action plan to promote manufacturing of new-type energy](#)

On Feb. 10, 2025, China's Ministry of Industry and Information Technology and other seven central government departments jointly announced an action plan for sound development of ...

[The 14th Five-Year Plan for the Development of New Energy Storage ...](#)

[The 14th Five-Year Plan for the Development of New Energy Storage Keys] Recently, the National Development and Reform Commission and the National Energy Administration ...

14th Five-Year Plan: New Energy Storage Development Implementation Plan

Jan 29, 2022 · CHN , Policy , This document identifies energy storage as a key element of the decarbonisation of the sector and support energy security. It promotes the high-quality and ...
