

New Zealand Auckland Energy Storage Power Supply Customized Manufacturer

Overview

Who is Taspac Energy?

Taspac Energy is NZ's premium supplier of Solar PV and Energy Storage Solutions. 100% Kiwi owned, Taspac was founded in 2014 with a very simple goal – to provide best-in-class renewable energy solutions to New Zealand solar installers and electricians, backed up with a high level of local sales, technical and warranty support.

What is a scalable solar energy storage system?

With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Ernest Energy provides turnkey solar and battery energy storage systems (BESS) tailored for New Zealand's commercial and agricultural sectors.

Who installs smart systems in Southland & Otago?

In Southland and Otago, our official installation partner is NES—a leader in electrical and energy solutions across the lower South Island. With NES handling the install, you can expect smart systems delivered with local knowledge, reliability, and unmatched service.

What is Sungrow energy storage?

Sungrow have developed an innovative energy storage solution for residential applications. This battery system can be used to store excess solar generated for use at night, provide backup power for when the grid goes down or for full time off grid applications.
