# New Zealand solar Module Project

## Overview

---

What is New Zealand's largest solar farm project?

Ceremony heralds sta. Construction on New Zealand's largest solar farm project officially began today at Te Aroha in Waikato, marking a significant milestone for the country's renewable energy future.

What is New Zealand's First Solar PV project?

New Zealand renewables developer Lodestone Energy has started constructing its first solar PV project on the country's South Island, with a total generation capacity of 27.7MW. Located in South Canterbury, the Clandeboye solar PV power plant will supply clean energy to the milk processing and irrigation industries in the area.

How will the New Zealand solar farm project work?

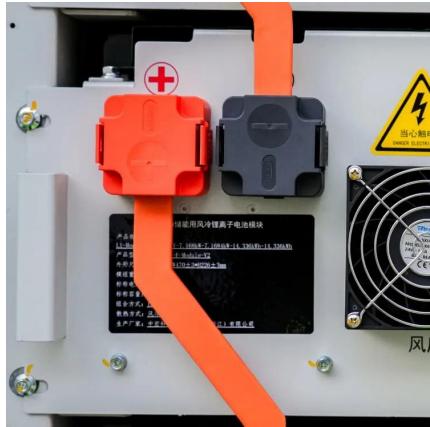

Mr Grogan said the solar farm project is supported by a power purchase arrangement with Meridian Energy, which will purchase 100% of the output for the first 10 years of operation. "The project demonstrates how government, industry, and financial institutions can work together to meet New Zealand's energy security and climate goals.

Are solar farms coming to New Zealand?

Distributed solar generation is expected to keep increasing, and New Zealand also now has some grid connected solar farm projects under construction, with more in the pipeline. The first large solar farm is expected to be completed this year.

## New Zealand solar Module Project

### [Construction starts on New Zealand's 280 GWh agrivoltaic project](#)

Apr 3, 2025 · Construction on New Zealand's largest solar farm project has begun at Te Aroha in Waikato, marking a significant milestone for the country's renewable energy future and the ...

### [Construction due to start this year on NZ's largest solar farm](#)

Jan 25, 2024 · Plans have been revealed for what's believed to be New Zealand's largest solar farm. The joint British-New Zealand venture has consent to build the 182ha Tauhei Solar Farm ...

### [Lodestone breaks ground on 27.7-MWp solar project in New Zealand](#)

Aug 4, 2025 · Auckland-based Lodestone Energy has initiated the construction of a 27.7-MWp solar park in New Zealand, its first photovoltaic (PV) project in the country's South Island.

### [New Zealand Solar Generation Hits Record High at 128 MW](#)

Mar 30, 2025 · The company is also planning its largest project to date--a 220 MW photovoltaic solar project in the South Island. This project demonstrates New Zealand's proactive approach

...

### [New Zealand steps up approvals process for large-scale PV ...](#)

Oct 9, 2024 · Ten large-scale solar farms planned for New Zealand's North and South islands are among 22 renewable energy projects with a combined capacity of 3 GW that have been listed

...

### [Elecnor to build New Zealand's largest solar photovoltaic ...](#)

Jan 30, 2025 · Harmony Energy Limited and First Renewables Limited have confirmed the financial close of the Tauhei Solar Park project, a 150 MW solar park that will be the largest in ...

### [Meridian Energy's Kokiri Solar Farm to Power NZ's Future](#)

Apr 14, 2025 · Meridian Energy is building the massive Kokiri solar farm in Waikato, a key step in New Zealand's renewable energy future. Learn about this major project.

## [Lodestone begins construction of 28MW solar plant in New Zealand ...](#)

Jun 12, 2025 · New Zealand renewables developer Lodestone Energy has started constructing its first solar PV project on the country's South Island.

## [Solar generation now and in the future](#)

May 25, 2023 · Distributed solar generation is expected to keep increasing, and New Zealand also now has some grid connected solar farm projects under construction, with more in the ...

## [Ceremony heralds start of construction on New Zealand's largest solar](#)

Apr 2, 2025 · Construction on New Zealand's largest solar farm project officially began today at Te Aroha in Waikato, marking a significant milestone for the country's renewable energy future.
