# New energy storage unit in Poland

## Overview

---

Will Poland have a power storage system?

PGE Group has obtained the first license promise in Poland for electricity storage. Yes, Poland will have a power storage system. The storage system will be set up at the 716-MW Zarnowiec pumped-storage power plant with 3,600 MWh of storage capacity.

What are the new energy storage rules in Poland?

Poland's new rules state that energy storage facilities over 10MW require licensing to ensure they can provide services to Poland's National Power System\). Facilities 10MW or smaller do not need licensing but do need to register with the transmission system operator or distribution system operator for their area.

How much storage capacity does Poland have?

On the contrary, at present, all findings in this regard are quite imprecise and subject to further revision. While Poland is believed to have an enormous overall storage capacity of around 92 Gt, (Hinc 2010a, 26) that capacity is not only approximate but also remains largely uncharacterized (Corless et al. 2011, 25).

Will BYD develop a battery energy storage system in Poland?

BYD has signed an agreement with Poland's Greenvolt Power to develop a battery energy storage system project in the European country. Construction of the project has begun and is expected to be completed in the first quarter of 2026. (File photo shows BYD's energy storage products. Image credit: BYD)

## New energy storage unit in Poland

### [Poland selects 183 energy storage projects under \\$1 billion](#)

2 days ago · The requested funding for energy storage facilities, with a combined power output of over 20 GW and an energy capacity of 122 GWh, totaled nearly PLN 28 billion (\$7.7 billion) -

...

### [Poland shortlists 183 energy storage projects ...](#)

2 days ago · Poland's state environmental fund says developers sought PLN 28 billion (\$7.7 billion) for 20 GW and 122 GWh of storage projects - ...

### [BYD signs deal to build energy storage project with capacity ...](#)

Mar 12, 2025 · BYD's energy storage unit has signed an agreement with Poland's Greenvolt Power to develop a battery energy storage system project in the European country.

### [LG Energy Solution to build Poland's largest energy storage](#)

Mar 10, 2025 · This will be Poland's largest energy storage project and among the largest in Europe. In two years, the company will be able to supply clean energy to 250,000 households ...
