

New investment project in solar container lithium battery energy storage in Bolivia

Overview

Where is the largest lithium-ion battery storage system in Bolivia?

The site in the municipality of Baures, Bolivia. Image: Cegasa. The largest lithium-ion battery storage system in Bolivia is nearing completion at a co-located solar PV site, with project partners including Jinko, SMA and battery storage provider Cegasa.

Will China invest \$1 billion in lithium batteries in Bolivia?

(IC Photo) The Bolivian government has chosen a Chinese consortium led by battery giant Contemporary Amperex Technology to invest upward of \$1 billion to develop untapped lithium deposits, with the ambitious goal of producing lithium batteries in the country by 2025.

Is lithium a good investment for Bolivia?

Lithium is a mineral that is mainly used for the manufacture of batteries due to its high capacity to store energy. Credit: Kanijoman, CC BY 2.0 / Flickr. The Bolivian president said that the new contract would be “very beneficial” for the country, including because it will generate new jobs.

Will Bolivia produce lithium batteries by 2025?

The Bolivian government has chosen a Chinese consortium led by battery giant Contemporary Amperex Technology to invest upward of \$1 billion to develop untapped lithium deposits, with the ambitious goal of producing lithium batteries in the country by 2025. Bolivia has the largest lithium reserves in the world but little local means to develop them.
