Outdoor base station power cabinet

Overview

What is a Longxing outdoor power cabinet?

LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside.

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.

What is a cabinet system & how does it work?

The cabinets system supports network equipment, backup batteries, and power systems in a range of severe environmental conditions. 2 levels (Normal & Master) safety key mechanism completes the protection of installed equipment. | Thickness of steel: front doors: 2.0mm, roof: 2.5mm aluminum, other parts: 1.5mm.

What are Delta OUTD cabinets?

Available in different configurations, Delta OutD cabinets are designed to protect equipment from external threats in all climates from the tropics to the arctic. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management.
