

Papua New Guinea substation 5g base station

Overview

Does Papua New Guinea have a new mobile operator?

SES and Vodafone. New mobile operator will boost further digital opportunities in PNG Luxembourg, 1 June 2022 – Papua New Guinea (PNG) now has a new mobile service provider to choose from as Digitec Communications Limited (t/a Vodafone PNG) and SES have partnered up to provide 4G and 5G high-speed mobile broadband services.

Is Digicel ready to roll out 5G services in Papua New Guinea?

Digicel PNG says it is ready to roll out 5G services across the country following strong results from its initial network testing phase. Chief executive officer Tarik Boudiaf said the 5G trials have delivered impressive outcomes in speed, latency, and efficiency, showing the network's potential to transform connectivity in Papua New Guinea.

Does Papua New Guinea have a mobile and Internet market?

“Papua New Guinea's mobile and internet market has enormous growth potential, but this has been hampered by geographical challenges, limited speed and connectivity choices. We are pleased to partner with SES to provide reliable high-bandwidth mobile connectivity of up to 5G speeds delivered through their MEO satellites.

Will 5G drive Digital Inclusion and economic development in PNG?

“These early results indicate that 5G will enable us to drive digital inclusion and support innovation and economic development across PNG,” Boudiaf stated. He noted that the company is awaiting the green light from the National Information and Communications Technology Authority (NICTA) to proceed with the commercial launch.
