

Phnom Penh solar Glass Greenhouse Supply

Overview

What is a greenhouse integrated PV (gipv) module?

Get in touch! Traditional greenhouses rely on external fossil fuel derived energy sources to power lighting, heating and forced cooling. Specially designed BiPV solar glass modules for greenhouses, Heliene's Greenhouse Integrated PV (GiPV) modules offer a sustainable alternative with no additional racking or support required.

What is a greenhouse solution?

Greenhouse Solutions Every greenhouse is designed using the highest quality materials and equipment, with customized environmental controls to suit your desired climate and growing goals. We care that our clients succeed in making the world a greener place.

What is a glass greenhouse covering?

A glass greenhouse covering allows the most sunlight to enter your greenhouse, giving maximum potential photosynthesis.
