

# **Port Moresby Monocrystalline solar Panel Production Plant**

## Overview

---

Can PNG Power install a solar PV system in Port Moresby?

PNG Power has installed a 150kW rooftop solar PV system at the Mineral Resources Authority (MRA) office in Mining Haus, Konedobu, Port Moresby. This installation was done through PNG Power's two-megawatt rooftop solar PV pilot programme in the Port Moresby grid.

Does Puma Energy Papua New Guinea have a solar project?

Puma Energy Papua New Guinea has officially commissioned a solar project at its Napa Napa Refinery, marking a milestone for the company's solarisation journey, not only in PNG but also globally. The project, which took four months to build, saw the installation of 684 solar panels at the Napa Napa Refinery, outside Port Moresby.

Why is Puma Energy PNG launching its biggest solar project?

This will mean they can benefit from reduced energy costs, lower greenhouse gas emissions and a reliable supply of energy. Papua New Guinea Company Chairman and Managing Director, Hulala Tokome said: "We are proud that Puma Energy PNG has launched the company's biggest solar project in the region.

Will Napa Napa refinery connect Puma branded retail stations to solar energy?

The solar project at Napa Napa refinery complements Puma Energy's global program to connect its Puma branded retail stations and other sites to solar energy. The company has already connected over 250 Puma branded retail stations to solar energy, and is planning to connect 300 hundred by the end of 2023.
