

Power Station DC Generator

Overview

How do I activate the C300 DC portable power station?

To activate C300 DC Portable Power Station for the first time: Recharge with an 18W or higher USB-C wall charger, such as an Anker USB-C charger or laptop charger. Note that only the USB-C2 and USB-C3 ports can be used. Massive Power on the Go: Take portable power anywhere and deliver 300W and 288Wh to your devices.

What is a must portable power station?

MUST portable power stations are battery-powered generators that keep your gear charged up and ready wherever you are. From family camping to home backup, get yourself convenient power without the noise, fumes, and fuss of a traditional gas generator. Discover the perfect energy solution tailored for diverse living spaces.

Can a portable power station be turned into a solar generator?

Using DJI's solar panels, you can turn your portable power station into a solar generator. This setup provides all the unlimited energy the sun has to offer, without the noise, pollution or recurring fuel payments associated with a traditional generator.
