

# **Pre-maintenance air-cooled solar container battery**

## Overview

---

It adopts modular non-walk-in design, can be pre-assembled, minimal operation and maintenance, intelligent air-cooled temperature control, three-stage fire extinguishing + active discharge + explosion-proof design to ensure the ultimate safety of the system, and adopts 280Ah high-energy-density large battery core, which can reach 1MWh in a 20ft container.
