Research on communication and perception integrated base station

Overview

Can integrated sensing & communication (Isac) base stations be used for collaborative sensing?

Abstract: The collaborative sensing of multiple Integrated sensing and communication (ISAC) base stations is one of the important technologies to achieve intelligent transportation. Interference elimination between ISAC base stations is the prerequisite for realizing collaborative sensing.

What is integrated sensing & communication (Isac)?

Conferences > 2022 IEEE 95th Vehicular Tech. The collaborative sensing of multiple Integrated sensing and communication (ISAC) base stations is one of the important technologies to achieve intelligent transportation. Interference elimination between ISAC base stations is the prerequisite for realizing collaborative sensing.

Can multiple Isac base stations communicate and radar sense simultaneously?

Interference elimination between ISAC base stations is the prerequisite for realizing collaborative sensing. In this paper, we focus on the mutual interference elimination problem in collaborative sensing of multiple ISAC base stations that can communicate and radar sense simultaneously by transmitting ISAC signals.

Why is BS a good G-Distance sensing system?

g-distance sensing: The power of BS is high, owning excellent performance in long-distance sensing. Mutual benefit between sensing and communication: The sensing function assists communication in beamforming and beam alignment. Communication assists sensing in providing the pr

Research on communication and perception integrated base station

[\(PDF\) Integrated Sensing, Communication and Computation: Research](#)

Aug 7, 2023 · This paper studies the transmit beamforming in a downlink integrated sensing and communication (ISAC) system, where a base station (BS) equipped with a uniform linear array

...

[Integrated Sensing and Communication enabled](#)

...

Nov 27, 2023 · Driven by the intelligent applications of sixth-generation (6G) mobile communication systems such as smart city and au-tonomous driving, which connect the ...

[The First Experimental Validation of a ...](#)

Mar 22, 2025 · Integrated Sensing and Communication (ISAC) is an important trend for future commutation networks. The Communication ...

Joint Communication and Positioning of UAV with Multiple Base Stations

Jun 12, 2025 · It delves into UAV communication and location collaboration technology oriented towards base station sensing, with a primary focus on the communication-sensing issues of ...

[Toward Multiple Integrated Sensing and Communication Base Station](#)

Jun 22, 2022 · The collaborative sensing of multiple Integrated sensing and communication (ISAC) base stations is one of the important technologies to achieve intelligent transportation. ...

[Integrated Sensing and Communication Enabled Multiple Base Stations](#)

Jun 13, 2024 · Integrated sensing and communication (ISAC) exhibits notable potential for sensing the unmanned aerial vehicles (UAVs), facilitating real-time monitoring of UAVs for ...

[Integrated Sensing and Communications for Low-Altitude ...](#)

Dec 5, 2024 · This paper studies an integrated sensing and communications (ISAC) system for low-altitude economy (LAE), where a ground base station (GBS) provides communication and ...

[\(PDF\) Integrated Sensing, Communication ...](#)

Aug 7, 2023 · This paper studies the transmit beamforming in a downlink integrated sensing and communication (ISAC) system, where a base

...

[Integrated Sensing and Communication Enabled Sensing](#)

Jan 10, 2023 · His research interests include wireless communication, machinetype communication, sensor networks, integrated sensing and communications (joint ...

[The First Experimental Validation of a Communication Base Station ...](#)

Mar 22, 2025 · Integrated Sensing and Communication (ISAC) is an important trend for future commutation networks. The Communication Base Station (CBS) can be used as a Ground ...

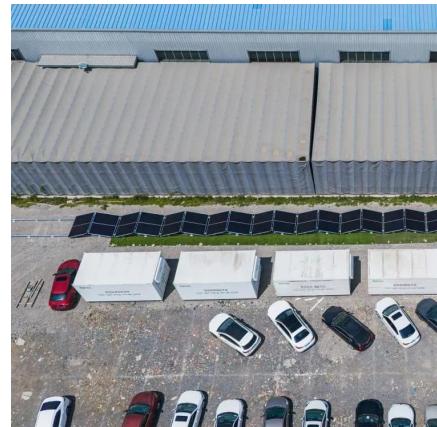

[A Review of Base Station Navigation Technology for Integrated](#)

Jul 19, 2025 · The main objects of ICAN include independent communication and navigation collaborative systems and integrated communication and navigation systems with institutional ...

Integrated Cooperative Sensing and Two-Way Communications ...

Aug 21, 2025 · In case the dual-functional base station (BS) is only equipped with half-duplex (HD) transceivers, integrated sensing and communications (ISAC) becomes a challenge task ...
