

Romanian high-end inverter manufacturer

Overview

Who is Apex Solar Romania?

Apex Solar Romania (Apex Solar Energy SRL) is the Romanian branch of German based solar panel, inverter and storage system manufacturer Apex Solar.

Where are Enphase microinverters made?

Enphase has started production of microinverters in Europe. The devices will be manufactured in Timișoara, Romania, at a subsidiary of Flextronics International. Enphase Energy, the American manufacturer of microinverters, has shipped its first European-made devices. They were manufactured in the new production city in Timișoara in western Romania.

When will Enphase start production in Romania?

Enphase has already announced the establishment of European production in Romania in April 2022. With this, the company not only wants to increase its global production capacities, but above all shorten delivery times for customers in Europe.
