

# Several generators at Qatar power station

## Overview

---

How many gas turbines will Siemens supply in Qatar?

Siemens has received an order to supply six gas turbines for a new combined-cycle power generating facility in Qatar with an integrated seawater desalination facility.

What does Qatar Electricity & Water Company do?

It is a single-cycle project that Qatar Electricity and Water Company quickly tendered to cope with the peak electricity demand in summer. The main scope of work includes the design, procurement, construction and commissioning of two F-class gas turbine generator sets and related auxiliary systems.

Will QEWC build a 500MW power plant at Ras Abu Fontas?

Qatar state power firm QEWC is to begin construction of a 500MW single cycle gas fired power plant at Ras Abu Fontas following the 26 February signing of a power purchase agreement with state offtaker Qatar Electricity and Water Corporation (Kahramaa).

How much does Qatar's energy project cost?

The 1.6 billion Qatari riyals (\$440 million) project is expected to start operations in January 2027 and will enhance grid stability and support the integration of renewable energy into Qatar's electricity network, the QEWC statement said.
