# Solar Panel Quote

## Overview

---

How do I get multiple solar quotes?

Get multiple binding solar quotes through our free guided experience. Get personalized solar quotes online. Create the optimal system for your home. Access hundreds of solar providers, products, and financing options, all in one place. Your project is expertly managed and monitored from start to finish. No unwanted phone calls.

Can solar panels save you money?

We think so. With solar panels and a battery, you could save around 90% on your electricity bills with our Fixed Outgoing tariff or even make up to £300 profit a year with our Intelligent Octopus Flux tariff. See what you could save straight away using our solar costs & savings calculator.

Is solar panel installation dangerous?

Solar panel installation involves electrical work and roof mounting, which can be complex and even dangerous without the proper training. At Octopus Energy, we offer a complete solar panel installation package, handled by in-house trusted experts to make sure everything is safe, efficient, and tailored to your home's energy needs.

How much does a 10 panel solar system save?

This is the electricity bill saving for a medium use home, with a 10 panel and 5kWh battery system on a standard tariff with our fixed outgoing rate (£81), compared to no solar installation on a Standard tariff (£904). This is a saving of £823 or 91% of their total electricity bill. See our solar savings blog for full details and calculations
