

Solar lights street lights outdoor lights LED home

Overview

What are solar powered street lights?

Built from die-cast aluminum, these outdoor solar powered street lights are lightweight yet durable, designed to withstand extreme weather from -45°F to 140°F. Superior heat dissipation ensures reliability, making them perfect for yards, courts, parking lots, or streets.

Who makes LED streetlights?

Being the leading LED lights company in 2007, NOMO started to make solar streetlights in 2014. At first, it produced LED strip lights, LED tube lights, and LED bulb lights, and then it launched outdoor LED lights, including LED flood lights and LED streetlights. This company is well known for its tunnel lights, besides solar streetlights.

Are solar powered street lights sustainable?

You see, solar powered street lights offer more than free-of-charge lighting, as their benefits include easy off-the-grid installation, low maintenance, a quick payback period, and more. Also, it goes without saying that there is no other lighting solution that can match the sustainability features of a solar lamp.

Who makes LED streetlights in Shenzhen?

Shenzhen NOMO Being the leading LED lights company in 2007, NOMO started to make solar streetlights in 2014. At first, it produced LED strip lights, LED tube lights, and LED bulb lights, and then it launched outdoor LED lights, including LED flood lights and LED streetlights.
