

Solar power generation from solar panels in Hanoi

Overview

How to choose a solar energy company in Vietnam?

As solar is becoming cheaper and more popular, choosing among the many solar energy companies in Vietnam is getting harder, especially so as each installer may offer you different packages, services and energy solutions. Finding the right solar installer for your roof is important in ensuring a hassle-free installation that you are satisfied with.

Where can I find a rooftop solar contractor in Hanoi?

They primarily specialise in investment focused rooftop and developer rooftop solar projects, while also offering general contractor services such as project implementation, operation and maintenance of rooftop solar power projects. Address: No 23, BT3, Phap Van-Tu Hiep, Hoang Liet, Hoang Mai, Hanoi City.

Who makes solar panels in Vietnam?

Today, Vietnam hosts over 47 solar panel companies, including major international players like Longi Solar, JinkoSolar, and Canadian Solar, alongside emerging domestic manufacturers such as Bamboo Capital and Sao Mai Group.

Why is solar power growing in Vietnam?

Solar power, in particular, has seen significant expansion due to the implementation of feed-in tariffs and the increasing adoption of rooftop solar systems. Wind energy also continues to grow, particularly in coastal regions, contributing to the diversification of Vietnam's energy mix and reducing reliance on traditional fossil fuels.
