

# **Solar power solutions factory in indonesia**

## Overview

---

Kendal, 19 June 2025 — Minister of Industry Agus Gumiwang Kartasasmita today officially inaugurated Indonesia's first and largest integrated solar panel manufacturing facility, PT Trina Mas Agra Indonesia (TMAI), located in the Kendal Industrial Estate, Central Java. Which is the largest solar panel factory in Indonesia?

As the first integrated solar cell and module manufacturing facility in the country, TMAI has an initial production capacity of up to 1 GW, making it the largest solar panel factory in Indonesia. The facility is also capable of producing some of the world's largest solar panels.

Who is PT solar power Indonesia?

PT Solar Power Indonesia is a prominent manufacturer and service provider of renewable energy solutions, specializing in designing optimized solar power systems for various applications. Committed to sustainability, the company focuses on delivering affordable and innovative solar energy systems while continuously advancing their technologies. PT.

Does Indonesia support solar energy development?

Ferry Salman, Managing Director of Sinar Mas, expressed his appreciation for the Indonesian Government's support in steering the energy transition, especially in advancing solar energy development. "We appreciate the government's continued commitment to fostering renewable energy through solar utilization.

What is Indonesia's solar energy potential?

With a solar energy potential of 207 gigawatts (GW) across the archipelago, the establishment of this facility aligns closely with Indonesia's ambitious renewable energy goals.
