

Solar powered devices factory in Puerto-Rico

Overview

Where will solar panels be made in Puerto Rico?

Aguadilla, Puerto Rico – Great Lakes Solx PR, LLC (“Solx”), a minority-owned solar panel manufacturing company, has announced plans to establish the first solar panel manufacturing facility in Puerto Rico. The company will operate from the 65-acre Hewlett Packard (HP) Campus in Aguadilla, with commercial operations expected to begin in April 2025.

What is solar power in Puerto Rico?

Solar power is a renewable energy source that has been booming in Puerto Rico since the hurricane. Across the island, individuals, communities, and businesses are installing solar panels and battery systems. At the Community Foundation of Puerto Rico, Javier Rivera is working on solar systems with 50 mostly rural, underserved communities.

Who is the best solar equipment supplier in Puerto Rico?

Solarfeeds is one of the best solar equipment suppliers in Puerto Rico. They help prospective clientele access leading solar equipment manufacturers and suppliers in different markets, including Puerto Rico. The best thing about choosing to work with Solarfeeds is that you don't have to move around requesting quotes.

Why should Puerto Rico invest in solar panels?

The Governor of Puerto Rico, Pedro Pierluisi, welcomed the project and stated: “Puerto Rico offers an ideal location and talent pool for solar panel manufacturing. This new facility will provide affordable solar panels to help the increasing demand for clean energy in the region.
