

Solar powered devices factory in Qatar

Overview

Who makes solar energy in Qatar?

The state-owned group, Qatar Solar Energy, is a leading manufacturer of solar power components and last year opened the largest integrated production facility for solar energy systems in the Middle East and North Africa region. Even more recently, Qatar's Solar Technologies, took a 49% stake in German-based SolarWorld.

What is Qatar's first large-scale solar power plant?

Qatar's first large-scale solar power plant, Al Kharsaah will provide sustainable, affordable and clean energy to industries, services and individuals through the Qatari grid starting from 2021 with an initial 350 MWp capacity before reaching its full capacity in 2022.

Why is Qatar launching a solar power plant?

The start-up of the Al Kharsaah solar power plant represents a milestone in the country's energy history, since it is set to produce 10% of its peak electricity demand at full capacity. Over its lifespan, it will also enable Qatar to reduce its CO₂ emissions by 26 million metric tons.

Is Qatar a good place to develop solar energy?

Qatar boasts the ideal conditions for developing solar energy with its exceptional sunshine and vast unoccupied spaces. This is where the Al Kharsaah solar power plant, developed by TotalEnergies and its partners QatarEnergy and Marubeni, was inaugurated in October 2022.
