

Swiss energy storage power supply manufacturer

Overview

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

Is MW storage the country's largest battery storage project?

MW Storage is a developer of BESS projects which is also active in the German market, with a 100MW/200MWh project underway that it claimed is the country's largest. The inauguration ceremony for the BESS project. Image: EWS AG. EWS AG and MW Storage have expanded a battery storage project in Switzerland to 28MW, making it the country's largest.

Is Bess being monetised in the Swiss electricity market?

It is being monetised in the Swiss electricity market by both CKW, part of Axpo, and utility Alpiq, the announcement said. The BESS is part of a network of power plants, consumers and batteries, it added. The large-scale BESS market in Switzerland has been relatively quiet with renewable penetration on the country's grid still relatively low.

Swiss energy storage power supply manufacturer

[Demand for home solar energy storage rising in Switzerland](#)

May 15, 2025 · Trade body Swissolar has called for a national energy storage strategy to support the rising popularity of home solar-plus-battery systems in the country.

[Energy Storage Systems - Pfiffner Group](#)

Battery storage enables not only power balancing in the local grid, but also voltage maintenance, frequency stabilization reserve (FCR), reactive power provision, cos phi control, phase ...

[Top Power Supply Manufacturers in Switzerland](#)

Information about Power Supply in Switzerland
When exploring the power supply industry in Switzerland, several key considerations come into play. The Swiss energy market is ...
