The first solar energy storage power station in Manchester UK

Overview

Will a UK battery energy storage project come online next year?

One of UK's largest battery energy storage projects has changed hands and will come online next year as part of a low carbon energy park in Greater Manchester. UK-based developer Statera Energy has acquired a 680 MW/1360 MWh battery energy storage project in Greater Manchester from Carlton Power.

Who owns Carlton power's 'Carrington storage' project in Greater Manchester?

UK-based developer Statera Energy has acquired a 680 MW/1360 MWh battery energy storage project in Greater Manchester from Carlton Power. Located at Trafford Low Carbon Energy Park, Carrington Storage is expected to become one of the largest of its kind in Europe once fully energised in 2026.

Where is statera energy acquiring a 680 MW battery energy storage system?

UK energy storage developer Statera Energy said on Thursday it has acquired a 680-MW battery energy storage system (BESS) project, Carrington Storage, located at Trafford Low Carbon Energy Park in Greater Manchester, northwestern England.
