

The most stable solar inverter

Overview

Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the worlds leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

Which solar inverter is best?

Warranty: Enphase and SolarEdge give the longest warranties. Long warranties help you feel safe and protect your money. Price Range: GoodWe, Solis, and FoxESS are good choices if you want to save money. These work well for smaller solar setups. Best Use Case: Each inverter is made for a different job. Victron is best for off-grid places.

How to choose a solar inverter?

Look at the DC rating of your solar panels and make sure the inverter can handle it. Think about when you use the most energy. If you use a lot during the day, you might need a bigger inverter. If you want to add more panels later, pick an inverter that can grow with your system. Always match the inverter's voltage and current to your panels.
