Victoria Energy Storage Power Supply Procurement

Overview

What's new in battery storage in Victoria?

Seven regional Victoria battery storage projects, all at the commissioning phase, will be the first to connect to Victorian distributor Powercor's high voltage distributed energy resource management system, adding stability to the grid.

How many energy storage projects are there in western Victoria?

In March 2018, 2 projects in Western Victoria were chosen to be part of The Energy Storage Initiative – one in Ballarat and one in Gannawarra. Construction for the Ballarat and Gannawarra Energy Storage Systems was completed in late 2018. Both batteries began operating over the summer of 2018 and 2019.

How many batteries are under construction in Victoria?

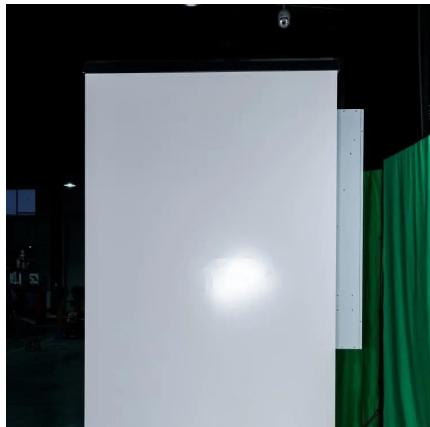

A further 13 batteries are under construction and 46 batteries have been granted development approval. Big batteries are being delivered through the SEC, Victorian Renewable Energy Target (VRET) program, Structured Transition Agreements, the Renewable Energy Zone (REZ) Stage 1 program, Energy Innovation Fund and more.

How many large-scale storage systems does Victoria have?

Victoria has 12 commissioned large-scale storage systems and 3 in commissioning – with a total output capacity of 1028 MW and storage capacity of more than 1.7 GWh. Storage capacity = how much total energy is stored in each battery. Output capacity = how much energy a battery can provide at a given time.

Victoria Energy Storage Power Supply Procurement

[Energy Vault to Supply Victorian Government-Owned Renewable Energy](#)

Feb 15, 2025 · 0 561 Energy Vault, a global leader in sustainable energy storage solutions, has announced an agreement with Victorian government-owned renewable energy company, the ...

[Seven Victorian battery storage projects first to connect to ...](#)

Jul 10, 2025 · Seven regional Victoria battery storage projects, all at the commissioning phase, will be the first to connect to Victorian distributor Powercor's high voltage distributed energy ...

[Energy Vault awarded BESS project contract from Victoria's SEC](#)

Feb 14, 2025 · Energy Vault revealed yesterday (13 February) that it will supply the system for the SEC Renewable Energy Park, a 100% publicly owned utility-scale renewable energy project in ...

[Energy Vault's Landmark BESS Project: Pioneering Renewable Energy](#)

Mar 11, 2025 · In conclusion, the 100 MW/200 MWh BESS project between Energy Vault and SEC Victoria is a landmark initiative that promises to significantly impact the integration

of ...

[Strategic Sourcing of Energy Solutions for Victoria: Top ...](#)

The demand for energy solutions in Victoria has catalyzed a diversified sourcing landscape across Chinese manufacturing hubs. While Shenzhen and Nantong dominate in renewable hardware,

...

[Victorian renewable energy and storage targets](#)

Nov 11, 2025 · The firm capacity delivered by Victoria's energy storage targets will provide reliable, affordable and clean energy as Victoria's ageing and increasingly unreliable coal ...

[Batteries and energy storage projects](#)

Sep 2, 2025 · The Ballarat Energy Storage System provides back-up power and grid stabilisation, vital to maintaining a reliable and affordable energy supply in Western Victoria.

Victoria Emergency Energy Storage Power Supply Procurement ...

Victoria's push toward renewable energy integration and grid resilience has made emergency energy storage procurement a top priority. With extreme weather events and aging

...

Delivering Victoria's future grid: Planning, procurement

May 26, 2025 · infrastructure to support its renewable energy transition. The Draft 2025 Victorian Transmission Plan sets out VicGrid's centralised and coordinated approach, which includes ...
