

# **Victoria solar tile brand**

## Overview

---

What are volt solar roof tiles?

Volt solar roof tiles generate clean energy while preserving your home's design. The system replaces traditional roof tiles with solar technology that sits within the roofline. The result is seamless integration without visible panels or bolt-ons. Understand Volt. Paired roof tiles. Partner with Volt to bring solar roof tiles to your projects.

Which solar panels are made in Australia?

Modules designed and engineered in AUSTRALIA. WOLAR LUNA solar tiles feature a more classic exterior shell that is made to resemble a Spanish roof tile, for a more natural appearance on any roof. It is layered with white tempered glass, both front and back.

What is a solar roof tile system?

Simplicity, built in. Elevate your home with solar tiles that preserve design and deliver sustainable power. A Concealed solar roof tile system that generates clean energy without altering the design of your home. Volt is purpose-built for tiled roofs, making it ideal for new homes or premium re-roofing projects.

What is a concealed solar roof tile system?

A Concealed solar roof tile system that generates clean energy without altering the design of your home. Volt is purpose-built for tiled roofs, making it ideal for new homes or premium re-roofing projects. Works with Bristle Roofing profiles to match a range of tile designs and colours. Your solar system becomes part of the roof, not an add-on.
