Warsaw Energy Storage Container 40kWh

Overview

When is the energy storage event in Warsaw?

As part of this transformation, the Energy Storage event in Warsaw on February 26-27 will be a key gathering. It will bring together over 120 executives and 40+ industry leaders to discuss the evolving energy landscape.

What is the electricity storage Conference 2025?

Poland's electricity grid is set for transformative upgrades, paving the way for a more modern and resilient energy infrastructure. The Electricity Storage Conference, taking place in Warsaw on February 26-27, 2025, will spotlight these advancements and the opportunities they bring, with a special focus on grid-friendly storage solutions.

How will Poland reshape its energy landscape?

The plan includes the construction of 4,700 km of new 400 kV lines, 28 new substations, and the modernization of 110 existing ones. This initiative will reshape Poland's energy landscape and create a wide range of opportunities for companies in the sector.

How is Poland transforming its energy infrastructure?

Poland is undergoing an ambitious transformation of its energy infrastructure. More renewable energy plants are being integrated into the public grid, which was not designed for decentralized supply and has reached its limits.
