# Where is the Helsinki Solar Base Station Company

## Overview

---

Why is Helios launching operations in Finland?

We are very excited about launching operations in Finland. We see a good potential for even more renewable energy in Finland and we also experience a great interest from international investors in Finnish solar park projects, says Magnus Häggström, Chief Commercial Officer at Helios.

How do I contact Helios in Finland?

For further information about Helios' establishment in Finland, contact Magnus Häggström, [magnus.haggstrom@heliosnordic.com](mailto:magnus.haggstrom@heliosnordic.com) If you have land that you wish to lease out in Finland, contact Esa Eklund, [esa.eklund@heliosnordic.com](mailto:esa.eklund@heliosnordic.com).

Can a sand battery save Finland's energy?

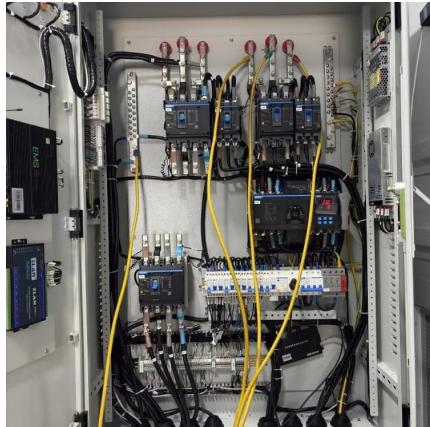

The world's largest sand battery is online and ready to make the most of Finland's renewable energy. Once fully operational, this giant device is expected to cut carbon-equivalent emissions from the local heating network by about 160 tons each year, slashing the district's heating emissions by nearly 70 percent.

Can heliosnordic lease out land in Finland?

If you have land that you wish to lease out in Finland, contact Esa Eklund, [esa.eklund@heliosnordic.com](mailto:esa.eklund@heliosnordic.com) As part of the company's continued growth and our contribution to driving the transition towards a sustainable and climate-smart future, we are happy to announce that we now have established operations in Finland.
