

# **Wholesale 220v power station in Paraguay**

## Overview

---

Are there electrical outlets in Paraguay?

No, the electrical outlets in Paraguay are different from those in the United States. In Paraguay electrical outlets of type C are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Paraguay?

The electrical outlets and power plugs in Paraguay are of type C (see images).

What type of plug does Paraguay use?

Paraguay uses power outlets and plugs of type C. Take a look at the picture below to see what this plug and power socket looks like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug.

What is the standard voltage for power sockets in Paraguay?

All power sockets in Paraguay provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Paraguay if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a voltage converter in Paraguay?

The voltage used in Paraguay is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Paraguay. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.
