

Win 1.3 billion energy storage project

Overview

A consortium of developers has achieved financial close for US\$1.3 billion in debt facilities for utilities infrastructure at the Red Sea project, a huge resort under construction off the coast of Saudi Arabia which plans to have the largest off-grid battery energy storage system (BESS) in the world at 1,200-1,300MWh. How much money does Poland spend on battery energy storage?

Poland has finalized a comprehensive subsidy program aimed at accelerating the deployment of battery energy storage systems (BESS), with a total budget of PLN 4 billion (approximately €1 billion).

How much is trsdc's battery energy storage system worth?

TRSDC secured financial close on its own debt facilities for the project, totalling US\$3.76 billion, last month. Huawei will supply the battery energy storage system (BESS), as reported by Energy-storage.news. Reported figures on its capacity vary between 1,200 MWh and 1,300 MWh, with either figure by far the largest off-grid BESS in the world.

How much PLN will be distributed under the energy subsidy scheme?

A total of PLN 4 billion (\$1 billion) will be distributed under the subsidy scheme by the end of 2025 in a bid to bring online more than 5 GWh of energy storage projects by 2028.

What is Poland's energy storage subsidy?

Learn about Poland's €1 billion energy storage subsidy aimed at installing 5.4 GWh of BESS by 2028, strengthening grid stability and accelerating the green transition.
