### How long do solar lights last?

Illuminate a footpath or highlight landscaping with these small solar lights. Add these in-ground solar lights to your yard to let it glow into the night. This 12-pack of lights is waterproof so you can leave them in all year. Each light has 8 LEDs so it will be brighter than others on the market. Illuminates for up to 8 hours.

### How do I choose the best outdoor solar lights?

First things first: to decide which type of outdoor solar lights are right for your yard, think about what you want the lights to do and then choose accordingly. Small lights on stakes that stick in the ground. Illuminate edges of paths or driveways for visibility after dark. Illuminate flower beds or other attractive plants.
